Mission Statement

“Our mission at A.K. Soccer Academy is to provide a fun, enjoyable and competitive youth soccer experience within the community. Our friendly, knowledgeable and professional technical staff are committed to inspiring our athletes to improve overall health and athletic development.”

Liss Road Recreational Lands

- 80 Acres in Total
- 10.4 Acres utilized by A.K. Soccer Academy
- Subdivision & Re-Zoning Applications (Early 2024)
- Joint Public Hearing to Follow

Future Development

“The large (80 acre) greenfield site is owned by the RM and presents significant opportunities for development. More specifically, a contemporary and inclusive recreation project(s) that offers a wide range of physical, cognitive, artistic and social programs to individuals of all ages and abilities can serve local needs and attract users from adjacent communities and beyond.”

- St. Andrews Recreation Feasibility Study
(Liss Road Site 2016)

FIGURE 1.3. GUIDING PRINCIPLES

Partnerships & Engagement

The RM of St. Andrews will encourage collaboration between the RM and private sectors, neighboring municipalities, community organizations, and the public at large to inform all agreements that help establish the development of new parks, facilities, and programs that ensure that the recreation delivery system is meeting the needs of the community.

Accessibility & Affordability

The RM of St. Andrews will support the development of recreation facilities, parks, and services that provide inclusive recreation opportunities, to ensure that all residents can participate and share equally in the benefits of recreation.

Recreation as Community Building

The RM recognizes that each community in St. Andrews is unique and therefore has their own specific needs when it comes to recreation. The RM will explore how recreation services delivery can help strengthen the overall community fabric through building social ties between neighbors, as well as how it can be optimized to spur economic development in accordance with the Development Plan.

Sustainability

The RM of St. Andrews will ensure that both long-term economic and environmental viability and sustainability will be prioritized in the planning and development of new parks, recreation facilities, and services.

Efficiency & Effectiveness

The RM of St. Andrews will make every effort to streamline processes and optimize its role in being both effective and consistent in recreation services delivery across all communities with a strong and efficient communications strategy.

Celebrate your Strengths

The RM of St. Andrews is a large municipality that has many existing natural, cultural, and ecological assets that support recreation. The RM will prioritize and celebrate its existing and emerging strengths, to deliver and support exceptional recreation opportunities for the community.

Supporting Community Resources

The RM of St. Andrews recognizes and acknowledges the tremendous level of effort given by volunteer-based service providers to the delivery of recreation programs and services and will provide opportunities to support and build volunteer capacity in the community through the strengthening of volunteer organizations.

Figure 1.3 - Guiding Principles | RM of St. Andrews - Recreation Master Plan 2023

RM of St. Andrews - Partnership Timeline

Expressions of Interest - June 2023

- Identify potential project partners for development of a site, program and facility
- A.K. Soccer Academy submitted proposal
- Council resolution to pursue the proposal

Memorandum of Understanding – November 2023

- Grant A.K. Soccer Academy permission to establish, operate and construct the “Project” on the Recreational Lands.
- Subject to certain understandings, further negotiations and mutually agreeable terms and conditions
- Working towards formalized agreements

Written Agreement – August 2023

- A.K. Soccer Academy had available time and resources to prepare the site for development
- Wished to display commitment to newly formed partnership

Formal Contract & Lease Agreement (TBD)
