

Which Level of Government Do I Contact?

The following is a listing of some common flood-related concerns and which level of government is best to contact about them.

Contact your municipal office about...

- Preparing for a flood – what to do to protect your property
- Getting sandbags and volunteers to build dikes
- Information about emergency evacuation orders
- Evacuation – where to go and help with evacuating
- Local road closures and detours
- Pumping water out of basements
- Concerns about dikes failing or needing to be raised
- Draining water from buildings and property
- Digging ditches for drainage
- Access to dike property during evacuation
- When it is safe to return to your property
- Applying for the [Disaster Financial Assistance](#) (DFA) program

To find out which municipality your community is in, or for a list of municipal offices and their phone numbers, call 204-945-3744 (in Winnipeg) or toll free at 1-866-626-4862 (outside Winnipeg), or open the [Municipal Officials Directory](#). ( 6.2 MB)

Visit the provincial government website about...
